Government of India About the Centre/Workshop

The DBT, Govt. of India funded establishment of a Bioinformatics Centre at the Cancer Research Institute in 1989. Over the years, the centre has developed very good infrastructure to serve the users from the institute as well as other organisations.

Through this Workshop, we are targeting **Post M.Sc. / Ph.D. students / Research scientists / Academic faculty** who do not have exposure to the subject of Bioinformatics and/or the training to use its different components effectively for their research related requirements. **Preference will be given to candidates from places without any DBT Bioinformatics Centre.**

The participant number will be restricted to **15-20** to ensure that everyone receives individual attention.

The two-day Workshop with hands-on-sessions will cover the following topics.

- **Introduction to Bioinformatics**
- **Basic Applications in Proteomics**
- **Biological Databases & Sequence Analysis**
- **Structural Bioinformatics**
- **Molecular Modelling & Drug Design**

Pre-Requisites

- Working knowledge of Computers/ Internet.
- Active research / teaching background.

How to Apply

⇒ Application Form needs to be downloaded from the website and sent by e-mail [btis@actrec.gov.in] by the deadline - **20th January 2012**.
