TECHNICAL COMPLIANCE FORM

Ref: Tender No:

TATA MEMORIAL CENTRE

ADVANCED CENTRE FOR TREATMENT, RESEARCH & EDUCATION IN CANCER

TECHNICAL SPECIFICATION OF :- - "Tissue floating waterbath -Qty-1 No.. "

Intended Use: To dissolve the wax during the tissue processing in Surgical Pathology lab

r. No.	Name of the Vendor :	
Α	Technical Specifications / Scope of supply	COMPLIANCE
		1) Mention "Complied /Not
		Complied"
		2) Highlight any deviations.
		3) Mention part number/Catalogue
		number of the relevant item
		auoted.
В	Name of the Manufacturer :	
С	Country of Origin:	
D	Model Name / Model No. of the Equipment (If the equipment is a	9
	combination of more than one equipment then list down the model	A 10
	no. pertaining to each)	
E	Year of Introduction Internationally	
F	Year of Introduction in India	-
Н	Technical Specifications/Scope of supply	
I	"Tissue Floating waterbath", complete as per below mentioned	
	configuration and specifications:	
J	Features and specifications required:	
1	Should have a rectangular design with atleast one side broad enough	
	to keep the glass slide.	
2	Should have a capacity of minimum 2 litres.	
3	Jet black inner surface of the chamber with removable glass tray and	
	illumatinon light source which provides better contrast to identify	
	sections and easy to clean surface.	
4		
	Electronic temperature control for exact temperature regulation .	
5	Temperature indication by digital display.	
6	Temperature range : +30 to + 80 deg C	
7	- Little 15 at 11 box and to be an advised	*
	Temperature should be adjustable by membrane keypad which	
	should be less sensitive to water spillage, paraffin contamination.	
8	Should have place for slide draining/ drying	
9	The water bath is illuminated from the side and provides exceptional	
4.0	viewing of the tissue section(s)	
10	D. C. Ll. I would be somelied with 2 per of glass trave as standard	
_/	Preferably should be supplied with 2 nos. of glass trays as standard.	
11	Outer parts should be made with corrosion free material.	1
12	Should be USFDA /European CE/ ICMED/BIS marked.	+
13	Should perform calibration of the equipment yearly during warranty	,
	which wil include spares replacement, validation, consumable spares	No. of the second secon
	Preventive Maintenance, Breakdown calls. Testing & measuring	'
	equipments used should be traceable to SI units through National	25
		27
1/	/international Standards (as per NABL norms). Please specify footprint size & its weight.	
14	Local Service Support: Should have local office and service support/ service	
15	engineer for attending the local breakdown calls.	
16	Response Time: Should not be more than 12 hrs from lodging a breakdown	n
16	complaint on toll free or by email.	
17	Performance parameter required as below: (like accuracy,	
17	sensitivity, sample volume requirement, resolution or such	

18	On-Line UPS/Voltage Stabilizer requirements	
19	Periodic Calibration	9MGSubstanceSut
20	Safety requirements: It should follow International / national safety requirement. Please specify certification with certifying agency and country with copies of certificate.	187 April - 1878
21	User's list: A list of installations with the address and contact numbers to be provided. (User list should be for the quoted model.)	n manera della colonia di colonia
