

ICGCW 2026

8th INDIAN CANCER GENETICS CONFERENCE & WORKSHOP

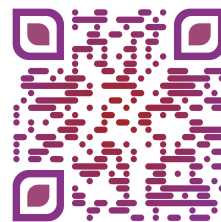

ACTREC, NAVI MUMBAI & TATA MEMORIAL HOSPITAL, MUMBAI, INDIA

Hands on Workshops: 25-27 Nov 2026

Conference: 28-29 Nov 2026

3 PRECONFERENCE HANDS ON WORKSHOPS 25-27 November 2026

- Genetic Counselling Principles and Practice - ELSI & Beyond- 25-27 Nov (60 persons)
- NGS workflow, Bioinformatics, Variant interpretation, ACMG- 26-27 Nov (24 persons)
- Functional genomics, Gene editing (CRISPR Cas) other assays - 26-27 Nov (16 persons)

Scan the QR code for more

CONFERENCE 28-29 November 2026 (Saturday - Sunday)

Genetic testing, Counselling, Screening, Prevention & Precision Therapy for inherited

- ADULT CANCERS:** Breast; Ovary; Prostate; Pancreas; Colorectal; Endometrium
- PAEDIATRIC CANCERS:** CNS, Hematolymphoid; Musculoskeletal; GU, GI, Ocular
 - Choosing the Right Test; When & Whom to test; How to interpret results
 - High risk screening, Chemoprevention; Risk Reducing Surgery - Efficacy, QoL & Psychosocial aspects
- SS AGARWAL ORATION:** Sir John Burn, Professor, Medical Genetics, Newcastle University, UK.

4 SATELLITE SYMPOSIA 29 November 2026 (Sunday, 2 PM onwards)

- 1) Psycho-Oncology
- 2) Germline Variants & Radiotherapy / immunotherapy
- 3) Pediatric Cancer Genomics Research
- 4) Risk Reducing Mastectomy & Salpingo Oophorectomy

The TMC Cancer Genetics Unit serves as the national referral centre, providing genetic counselling & NGS germline testing to 4000 families per year. It leads the ICMR Centre for Advanced Research in Pediatric Cancer Genomics. Curated Genotype & phenotype data of 15000+ Cancer families will be presented.

Learn the nuances of Cancer Genetics & Counselling from Team TMC, national & international experts

*Registration fee + GST (INR)	Early Bird Fee Till 15 October 2026	Regular Fee Till 15 November 2026	SPOT Registration After 15 November
Conference (includes Symposia)	6000 + 18% GST	7500 + 18% GST	9000 + 18% GST
Conference + GC Workshop	8000 + 18% GST	10000 + 18% GST	12000 + 18% GST
Conference + 1 Lab Workshop (NGS or Functional Genomics)	9000 + 18% GST	12000 + 18% GST	15000 + 18% GST (If seat available)
Only Satellite Symposia (any 1) without conference or workshop	1000 + 18% GST	1200 + 18% GST	1500 + 18% GST

***GCs & Trainees in any discipline: 50% of the listed rates; **Industry - 1.5x of the listed rates**

Best Paper Award: First Prize: Rs 12000 Second Prize: Rs 8000; Third Prize: Rs 5000

For best paper, submit abstract by 30 October. Selected abstracts will be invited for Oral Best paper session.

Other abstracts will be accepted till 15 November 2026

Registration Link: <https://forms.gle/bYuaolMgTXSehbsW9>

PATRONS Prof. Pankaj Chaturvedi & Prof. Sudeep Gupta	CHAIRPERSON Prof. Rajiv Sarin	ORGANIZING SECRETARY Prof. Rima Pathak

ICGCW 2026

8th INDIAN CANCER GENETICS CONFERENCE & WORKSHOP

ACTREC, NAVI MUMBAI & TATA MEMORIAL HOSPITAL, MUMBAI, INDIA

Hands on Workshops: 25-27 Nov 2026

Conference: 28-29 Nov 2026

SCIENTIFIC PROGRAMME with FACULTY

Registration Link: <https://forms.gle/bYuaoLMgTXSehbsW9> <<HURRY - The Workshop Seats are Limited>>

Which HANDS ON WORKSHOP is for you (All running in Parallel at ACTREC)

Genetic Counselling

3 DAYS (25-27 November)

Principles & Indian Practice
ELSI & Beyond

NGS, MLPA & Sanger

2 DAYS (26-27 November)

Wetlab, Bioinformatics,
Variant interpretation, ACMG

Functional Genomics

2 DAYS (26-27 November)

Gene Editing (CRISPR Cas),
making EBV LCL & others

CONFERENCE Day 1: 28 November 2026 at ACTREC, Navi Mumbai

Principles and Practice of Genetic Counselling, Genetic testing, Screening, Prevention & Precision Therapy. Focus on HBOC & Lynch Syndrome HRR, MMR & HIF Pathways

ORATION: An Aspirin a day keeps cancer away: Science & Policy from CAPP3 RCT, Sir John Burn, UK.

CONFERENCE Day 2: 29 November 2026 at Tata Memorial Hospital, Parel

Li-Fraumeni syndrome, Paediatric, CNS & Hematolymphoid malignancies; Rare Cancers

BEST PAPER SESSION

Which SATELLITE SYMPOSIA is for you (All running in Parallel in TMH) 29 November 2026, Sunday Post Lunch at Tata Memorial Hospital, Parel

Psycho-Oncology in Genetic Counselling

ELSI, Sexuality, Rehabilitation, Suicidality & related issues

Germline Variants & Gut Microbiome

How they impact Systemic Therapy, immunotherapy, Radiotherapy & outcomes

Pediatric Cancer Genomics

Current practice & Insights from the ICMR C2G2L Project

Risk Reducing Surgery in BRCA carriers

Risk Reducing Mastectomy &
Risk Reducing Salpingo Oophorectomy

and faculties

DATES TO REMEMBER

- Early Bird Registration: 15 October 2026
- Abstract for Best Paper session: 30 October 2026
- ICGCW Travel Fellowship: 30 October 2026

DAY 1: Khanolkar Auditorium ACTREC, NAVI MUMBAI

Time	Day 1 (28/11/2026)	Topic / Activity	Faculty
8:30 AM	Registration & Breakfast		
09:30 AM	Welcome Address and Introductions		
09:50 AM	Hereditary Cancers - an overview		Dr Rajiv Sarin
10:10 AM	Germline Genetic Testing & Reporting for Cancer		Dr Somya Srivastava
10:30 AM	Somatic Genetic Testing & Reporting for Cancer		Dr Aparna Dhar
10:50 AM	Ethical-Legal-Social Implications of Genetic Testing When and how they matter in Clinical Practice		KEYNOTE LECTURE Ms Yoon Sook Yee
11:20 AM	Tea Break		
11:40 AM	Insights from the TMC 10K HBOC Cohort: BRCA & Beyond		Dr Rajiv Sarin
12:00 PM	Risk Reducing Surgery for Ovarian and Endometrial Cancer - when and why? The evidence, guidelines and the practice		Dr Amita Maheshwari
12:20 PM	Prophylactic Bilateral or Contralateral Mastectomy - when and why? The evidence, guidelines and the practice		Dr Amar Deshpande
12:40 PM	Panel Discussion: How to start or improve Cancer Genetic Services - The Essential and the Desirable Moderator: Dr. Mansi Munshi, Panelists: Dr Raja Pramanik, Ms. Nina Bhatnagar, Dr. Nanditha Sesikeran, Ms. Judith Talker, Ms Aanchal Pandey, Ms Anjana Anoop		
01:00 PM	Lunch Break		
01:50 PM	Insights from the TMC 2K Lynch Cohort: MMR & Beyond		Dr Rajiv Sarin
02:10 PM	SS Agarwal Oration: <i>An Aspirin a Day Keeps Cancer Away: Science and Policy</i> Sir John Burn Chairperson: Dr Pankaj Chaturvedi & Dr Sudeep Gupta		
03:00 PM	Endometrial Cancer: Germline & Somatic / Molecular Analysis for classification, treatment and risk management		Dr. Sewanti Limaye
03:20 PM	Promise of Cancer Vaccines in Lynch Syndrome and other conditions		Dr. Vijay Patil
03:40 PM	Panel Discussion: Clinical management of MMR Deficient Cancers and Lynch Syndrome; Moderator: Dr Shona Nag; Panelists: Dr Akhil Kapoor, Dr Ashwin Desouza, Dr Anbarasan Sekar, Ms Sabhya Agarwal, TBD		
04:05 PM	Tea Break		
04:20 PM	Surgery in FAP: Balancing Cancer Risks vs Quality of Life		Dr Vivekanand Sharma
04:40 PM	Panel Discussion: Dealing with fear of cancer in the family and for the unborn child Moderator: Dr Dipanjana Datta; Panelists: Dr. Deepali Kapoor, Ms Neeraja Reddy, Ms Vrunda Sane, Dr Somya Srivastava, Ms Rashmi Verenker, Ms Gopa Boliya		
5 to 6 PM	INDUSTRY TALKS		
06:00 PM	GROUP PHOTO		
06:00 to 10:00 PM	‘Threads of Life’ A Gala Evening with Cancer Survivors, Previvors and Gene Fairies - Cultural Programme and Dinner		ACTREC Lawns

DAY 2: CHOKSI AUDITORIUM, TATA MEMORIAL HOSPITAL, MUMBAI

Time	Day 2 (29/11/2026)	Topic / Activity	Faculty
8:30 AM	Registration & Breakfast		
9:00 AM	The Li-Fraumeni Syndrome demystified		Dr Rima Pathak
9:20 AM	Genetic Testing for Childhood Cancer - A clinician's perspective		Dr Badira CP
9:40 AM	Somatic & germline alteration in CNS Tumours: A Clinician's perspective		Dr Tejpal Gupta
10:00 AM	VUS - you trouble me Should I ignore you, report you, track you or act upon you		KEYNOTE LECTURE Dr Rajiv Sarin
10:25 PM	Tea break		
10:40 PM	Genetic Testing for Renal Cancer: When and why?		Dr Amit Joshi
11:00 PM	Pheochromocytoma and Paraganglioma (PPGL) Syndrome		Dr Saba Memon
11:20 PM	Multiple Endocrine Neoplasia 2 (MEN) syndrome: TMC cohort		Dr Rajiv Sarin
11:40PM	The Art of Listening - A Psycho Oncology perspective		Dr Deepali Kapoor
12:00 PM	Panel Discussion: AI in Genomics & Precision Oncology: When an Enabler & When a Disabler Moderator: Dr. Swapnil Rane Panelists: Dr Bhawna Sirohi, Dr. Aparna Dhar, Ms Payal Jobanputra, Ms Judith Talker, Ms Aanchal Pandey, Dr Tejaswi S Kanala		
12:25 PM	BEST PAPER SESSION		6 selected abstract
01:10 PM	LUNCH		

POST LUNCH - FOUR PARALLEL SATELLITE SYMPOSIA	Organisers
1) PSYCHO-ONCOLOGY in CANCER GENETIC COUNSELLING: ELSI, Mental Health, Trauma, Psychotherapy, Rehabilitation, Body Image, Intimacy, Suicidality, Grief	Dr Rajiv Sarin & Ms Neeraja Reddy
2) Germline Variants & Gut Microbiome impacting treatment & outcomes Choice of Systemic therapy & Radiotherapy and its Response / Toxicity	Dr Rima Pathak & Dr Akhil Kapoor
3) Pediatric Cancer Genomics: What is known and what needs to be known. The ICMR Centre for Advanced Research Model from India	Dr Rajiv Sarin & Dr Badira CP
4) Risk Reducing Mastectomy & Salpingo Oophorectomy: When & How? Evidence, Case Based Discussion & Videos	Dr Shalaka Joshi & Dr Amita Maheshwari

Cancer, its treatment and survivorship issues can disrupt life, relationships and mental health of many. These psycho-oncology issues are amplified in patients coming to genetics clinics, as they are younger and many have lost loved ones to cancer. Psycho-oncology approaches helps to improve adaptation, adherence, coping and reintegration. Genetic Counselling mirrors real practice, where psychological issues emerge through conversations, uncertainty, and family dynamics. This symposium will delve into common psycho-oncology issues. Using case scenarios encountered in families visiting Cancer Genetic Clinic, expert faculty will engage with fellow GCs, psychologists and oncologists to bring out the layers of psycho-oncology issues in cancer genetic practice and provide pragmatic solutions

1-2:00 pm Lunch & Symposium Registration (if not previously registered for conference)		
02.00 PM	Psycho-oncology and Cancer Genetic Counselling	Dr. Rajiv Sarin
SEVEN Psycho-Oncology Themes presented by faculty (10 minutes each)		
02:10PM to 03:20 PM	Trauma & disability in cancer patients and families	Dr. KV Ganapathy
	Caregiver's burden and burnout	Ms. Bhavana Issar
	Grief & Bereavement	Ms. Vandana Mahajan
	Couple relationship, Sex & intimacy	Dr. Rima Pathak
	Therapies used in psycho-oncology	Dr. Deepali Kapoor
	Suicidality	Dr. Savita Goswami
	Reintegration	Dr. Maya Prasad
Case Based thematic panel discussions. Each case highlighting 1-2 psycho-oncology themes		
03.20 PM	<i>Not always a cry for help but a trail of clues missed in the Cancer Clinic & the Genetics Clinic</i> <i>A young woman referred very late for psychological counselling - yet they could help her, involved the family, doctor and her genetic counsellor.</i> Theme: Timely referral, psychotherapy & psychiatric interventions addressing suicidality Moderators: Savita Goswami & Deepali Kapoor Panelists: Jayita Deodhar, Aparna Kapoor, Nina Bhatnagar, Vrunda Sane, Anjana Anoop	
03.45 PM	<i>Uncovering visible and invisible disabilities - forecasting & minimising its impact.</i> <i>Overcoming disability and adversity - the power stories of reintegration</i> Theme: Visible and invisible disability; its consequences & Reintegration Moderators: KV Ganapathy, Maya Prasad Panelists: Mohua Chatterjee, Susmitha Billapati, Nirjari Dalal, Sameena Bilgi, Kishor Howale, Sir John Burn	
04:10 PM	TEA BREAK	
04.25 PM	<i>The only thing I knew in the last 9 years was her cancer. My wife was my world and I have lost meaning of life. Stories of parents, spouses, children and siblings facing burnout with caregiver's burden & now complicated grief. Professional approach to a human tragedy.</i> Theme: Caregiver burnout, Grief & Bereavement Moderators: Vandana Mahajan, Bhavana Issar & Nina Bhatnagar Panelists: Revathy Krishnamurthy, Sameena Bilgi, Gopa Boliya, Lady Linda Burn	
04:50 PM	<i>I long for love and intimacy and so does he. What has come between us - I can't feel. I know I want to talk but what and with whom? Would he leave me and our son for another woman?</i> Theme: Couple relationship, Sex, intimacy & broken families Moderators: Rajiv Sarin; Panelists: KV Ganapathy, Savita Goswami, Prasad Dandekar, Somya Srivastava, Rima Pathak	
05.10 PM	Insights from the listeners & summary	
SYMPOSIUM ORGANIZERS: Dr Rajiv Sarin & Ms Neeraja Reddy		
Clinical Psychology/Psychiatry: Dr Jayita Deodhar, Ms Savita Goswami, Dr Ganapathy KV, Dr. Deepali Kapoor, Dr Aparna Mehrotra Kapoor, Ms Sameena Bilgi		
Genetic Counselling: Ms Nina Bhatnagar, Ms Vrunda Sane, Ms Neeraja Reddy, Ms Anjana Anoop, Ms Susmitha, Billapati, Ms Gopa Boliya. Cancer Genetics: Dr. Rajiv Sarin, Dr. Somya Srivastava;		
Oncology: Dr Maya Prasad, Dr Rima Pathak, Dr. Revathy Krishnamurthy, Dr. Prasad Dandekar		
Rehab & Patient support: Mr Kishor Howale, Dr Mohua Chatterjee, Ms Vandana Mahajan, Ms Bhavana Issar, Ms Nirjari Dalai, Ms Linda Burn		

SYMPOSIA ORGANIZERS: Dr Akhil Kapoor & Dr Rima Pathak

How germline variants and the gut microbiome interact with and influence the choice of Systemic therapy (cytotoxic chemotherapy, immunotherapy, targeted therapy) & Radiotherapy. What is known about treatment Response / Toxicity in such patients

Target Audience: Practicing & trainee Medical & Radiation Oncologists, Precision Oncology, Molecular Pathology

Faculty (Alphabetical):

Dr Akhil Kapoor	Dr Amit Joshi	Dr Amrit Kaur Kaler	Dr. Anbarasan Sekar;
Dr Gauri Deshpande	Dr Jaya Ghosh	Dr Nanditha Sesikeran	Dr Omshree Shetty
Dr Priya Iyer	Dr Rajiv Sarin	Dr Rima Pathak	Dr Rohan Verghese
Dr Tejaswi S Kanala	Dr Nikhat Khan		

1-2:00 pm	Lunch & Symposium Registration (if not previously registered for conference)	
02.00 PM	When to do germline testing: Hack for oncologists who Can't remember the changing guidelines	Dr Tejaswi S Kanala
02.15 PM	Clinical cautions in Genotype-Phenotype Mismatch	Dr. Rajiv Sarin
02.30 PM	Ovarian Cancer: Which test should I order and when - Germline, Somatic, HRD, HRR, Liquid Biopsy?	Dr. Jaya Ghosh
02.45 PM	When do I prefer Liquid Biopsy?	Dr. Omshree Shetty
03.00 PM	No Go Areas: Germline Variants & Ionizing Radiation	Dr. Rima Pathak
03:15 PM	Case Based Panel Discussion: Clinical management of Breast, Ovary, Prostate, Pancreatic cancers with germline HRR or TP53 mutations	Moderator: Dr. Nanditha Sesikeran, Panelist: Dr. Rima Pathak, Dr. Akhil Kapoor, Dr. George Jacob, Dr. Omshree Shetty, Ms Akanksha Angre
04.00 PM	Tea break	
04.15 PM	Radiation as a Immunomodulator - when and why?	Dr Priya Iyer
04.30 PM	Impact of Gut microbiome on cancer therapy	Dr Akhil Kapoor
04:45 PM	Pharmacogenomics: Relevance in oncology	Dr Nikhat Khan
05:00 PM	Which test and in what sequence for Colorectal Cancer: MMR IHC, MSI by PCR, Methylation, BRAF?	Dr Gauri Deshpande
05:15 PM	Case Based Panel Discussion: Clinical management of Colorectal, Endometrial,and Renal cancers with germline MMR, or VHL mutations	Moderator: Dr. Anbarasan Sekar; Panelist: Dr Amit Joshi, Dr Amrit Kaur Kaler, Dr Rohan Verghese, Dr Akhil Kapoor, TBD
06:00 PM	Feedback & Group Photograph	

Indications for Genetic Testing; Genotype-Phenotype correlation; Preconception & Prenatal Genetic Testing
The ICMR Centre for Advanced Research Model from India

SYMPOSIA ORGANIZERS: Dr Badira CP & Dr Rajiv Sarin

Target Audience: Practicing and Trainee Paediatric, Neuro and Haemato Oncologists

Faculty (Alphabetical):

Dr. Abhishek Chatterjee	Dr Akanksha Chichra	Dr Archya Dasgupta	Dr. Badira CP
Dr Balaji TK	Dr Epari Sridhar	Dr. Gaurav Narula	Dr Girish Chinnaswamy
Dr Jifmi Manjali	Dr Maya Prasad	Ms Neeraja Reddy	Dr Raghwesh Ranjan
Dr Rajiv Sarin	Dr Ram Mohan	Dr Sajid Qureshi	Dr Shyam Srinivasan
Dr Somya Srivastava	Dr. Suhani Barbhuiyan	Dr Tejpal Gupta	

1-1:50 pm	Lunch & Symposium Registration (if not previously registered for conference)	
01.50 PM (15 min)	Learning from families with Childhood Cancer - consent and assent: A Genetic Counsellors perspective	Ms. Neeraja Reddy
02.05 PM (15 min)	Genetic Testing and reporting for childhood cancer predisposition	Dr. Somya Srivastava
02.20 PM (20 min)	Secondary findings on Exome sequencing & Reverse Phenotyping	Dr. Chaitanya Datar
02.40 PM (20 min)	Genomic Landscape of Paediatric Non CNS solid tumours	Dr. Badira CP
03.00 PM (20 min)	Genomic Landscape of Paediatric CNS tumours	Dr .Tejpal Gupta
03.20 PM (20 min)	Genomic Landscape of Paediatric Haematolymphoid malignancy	Dr. Shyam Srinivasan
03:40 PM (35 min)	Case Based Panel Discussion: Clinical management of Non CNS solid tumours with germline mutations	Moderator: Dr. Girish Chinnaswamy Panelist: Dr. Badira CP, Dr. Raghwesh Ranjan, Dr. Sajid Qureshi (TBC), Dr. Jifmi Manjali , Dr Epari Sridhar
04.15 PM	Tea break	
04.30 PM (30 min)	Case Based Panel Discussion: Clinical management of CNS tumours with germline mutations	Moderator: Dr. Abhishek Chatterjee Panelist: Dr. Balaji TK, Dr. Archya Dasgupta, Dr. Maya Prasad, Dr. Ram Mohan,
05.00 PM (30 min)	Case Based Panel Discussion: Clinical management of Haematolymphoid malignancy with germline mutations	Moderator: Dr Gaurav Narula Panelist: Dr. Akanksha Chichra, Dr. Shyam Srinivasan, TBD
05:30 PM	Leads from the Multicentre ICMR Centre for Advanced Research in Childhood Cancer Genomics	Dr. Rajiv Sarin, Dr. Badira & Site PIs / Investigators
06.15 PM	Feedback & Group Photograph	

Deliberating issues relevant for Indian Surgical Practice: Current Evidence, Case Based Discussion & Videos

SYMPOSIA ORGANIZERS: *Breast: Dr Shalaka Joshi* *Ovary: Dr Amita Maheshwari*

Target Audience: *Practicing and Trainee Surgical, Breast & Gynae Oncologists*

Faculty (Alphabetical):

<i>Dr Amar Deshpande</i>	<i>Dr. Amita Maheshwari</i>	<i>Dr Ameya Bindu</i>	<i>Dr Ankita Das</i>
<i>Dr. CB Koppiker</i>	<i>Dr Divya D’Silva</i>	<i>Dr. Dushyant Jaiswal</i>	<i>Dr Garvit Chitkara,</i>
<i>Dr. Geetha Balsarkar</i>	<i>Dr Karishma Kirti</i>	<i>Dr. Monikha</i>	<i>Dr. Nita Nair</i>
<i>Dr. Rajan Badwe</i>	<i>Dr. Rajiv Sarin</i>	<i>Dr. Richa Bansal</i>	<i>Dr. Rima Pathak,</i>
<i>Dr. Rohini Kelkar</i>	<i>Dr. Sampada Dessai</i>	<i>Dr. Santosh Menon,</i>	<i>Dr. Shalaka Joshi</i>
<i>Dr. Sneha Raj</i>	<i>Dr. Tabassum</i>	<i>Dr. Tanmay Joshi</i>	<i>Dr. Vani Parmar</i>

1-1:45 pm	Lunch & Symposium Registration (if not previously registered for conference)	
01.45 PM (15 min)	Age specific Risk of Breast and Ovarian cancer in Indian women with Germline Pathogenic Variants	Dr. Rima Pathak
02.00 PM (15 min)	Surgical Counselling for patients considering prophylactic mastectomy- Ideal & Indian scenario	Dr. Divya D’Silva
02.15 PM (20 min)	Decision Matrix in choosing Reconstruction method after Risk Reducing Mastectomy	Dr. Dushyant Jaiswal
02.35 PM (20 min)	Nipple sparing mastectomy and reconstruction options- video based	Dr. CB Koppiker
02.55 PM (20 min)	Anticipating and Managing short term and long term complications of Risk Reducing Mastectomy	Dr. Shalaka Joshi
03:15 PM (45 min)	Reducing Breast Cancer risk with surgery Issue in the real world Indian Practice	Moderator: Dr Ankita Das Panelists: Dr Rajan Badwe, Dr Nita Nair, Dr Garvit Chitkara, Dr Karishma Kirti, Dr. Tabassum, Dr. Amar Deshpande, Dr Ameya Bindu, Dr. Tanmay Joshi
04.00 PM	Tea break	
04:15 PM (20 min)	Evidence based Risk Reducing Surgery for Ovarian Cancer - What all to remove and when?	Dr. Rohini Kulkarni
04.35 PM (20 min)	Surgical & QoL counselling for patients considering RRSO or Salpingectomy: Ideal & Indian Adaptation	Dr. Sneha Raj
04.55 PM (35 min)	Reducing Ovarian Cancer risk with surgery Issue in the real world Indian Practice	Moderator: Dr Amita Maheshwari Panelist: Dr Geetha Balsarkar, Dr Richa Bansal, Dr Sampada Desai, Dr Monikha, Dr. Santosh Menon, Dr Rajiv Sarin
05.30 PM (15 min)	RRM in Indian Surgical Practice: Key Takeaways & Discussion	Dr Vani Parmar
05.45 PM (15 min)	RRSO in Indian Surgical Practice: Key Takeaways & Discussion	Dr. Rahul Roy
06.00 PM	Feedback & Group Photograph	

Genetic Counselling Principles & Practice - ELSI & Beyond:

Genetic counselling extends far beyond discussing genes. it is about empowering individuals and families to make informed decisions through science, empathy, ethics, and effective communication. This interactive workshop offers a unique opportunity to explore the complete spectrum of hereditary cancer genetic counselling, from pedigree analysis and risk assessment to psychosocial care, cultural sensitivity, medico-legal challenges, AI, along with financial, logistical and ethical challenges in genetic testing, including pre-implantation and prenatal testing. Through expert-led lectures, hands-on exercises, role plays, debates, and panel discussions, participants will gain practical skills and real-world insights essential for delivering compassionate, patient-centred genetic counselling in today's rapidly evolving healthcare landscape.

WORKSHOP ORGANIZERS: Dr Rajiv Sarin & Ms Neeraja Reddy Malleda

Time	Day 1 (25/11/2026)	Topic / Activity	Faculty
10:30 AM	Registration and Tea		
11:15 AM	Welcome Address and Introductions		All
11:30 AM	Pre-Workshop Evaluation (MCQ)		Participants
11:45 PM	Global & Indian burden of hereditary cancers		Dr Rajiv Sarin
12:15 PM	Principles of genetic counseling		Nina Bhatnagar
12:45 PM	Taking family history and drawing pedigrees		Ms Sabhya Agarwal
01:05 PM	Verbal autopsy and phenotyping		Ms Anjana Anoop
01:25 pm	Drawing pedigree, recognising syndromic phenotype and verbal autopsy		Hands on Lead: Ms Srushti Uthale Participants with Instructors
01:50 PM	Lunch Break		
02:30 PM	Indications for genetic testing in cancer		Dr Rima Pathak
03:00 PM	Genetic testing approaches in cancer		Dr Somya Srivastava
03:30 PM	Deciding genetic test & its type: Case scenarios		Hands on Lead: Ms Sabhya Agarwal Participants with Instructors
04:00 PM	Tea Break		
04:20 PM	Interviewing skills in genetic counseling		Ms Neeraja Reddy Malleda
04:50 PM	Interviewing skills- Listening & Questioning microskills based on case scenarios		Role play Lead: Ms Gopa Boliya Team CGC
05:30 PM	Q&A and Daily Analysis		

Time	Day 2 (26/11/2026)	Topic / Activity	Faculty
08:15 AM	Breakfast		
09:15 AM	Hereditary cancer syndromes and Indian Data		Dr Rajiv Sarin
09.45 AM	Risk prevention and screening strategies - HRR Genes		Ms Aanchal Pandey
10:10 AM	Risk prevention and screening strategies - Lynch & FAP		Dr Archi Rungta
10.30 AM	Identify syndromes and suggest testing, screening and prevention.		Hands on Lead: Mr Hashime Ismail Participants with instructors
11:00 AM	Tea Break		
11:15 AM	Risk Perception: perceived risk, adaptation and factors affecting decision making for genetic testing, screening and prevention.		Ms Sook Yee Yoon
11.45 AM	Body Image, Quality of Life (QoL) and reintegration		Dr. Revathy Krishnamurthy
12.15 PM	Sex and Intimacy		Dr Rajiv Sarin
12.45 PM	Panel Discussion: Implications of cancer, cancer risk and its management on life, livelihood and beyond Moderator: Ms Nina Bhatnagar; Panelists: Ms Vandana Mahajan, Ms Devika Hattangadi, Ms Susmitha Billapati, Ms Sook Yee Yoon, Dr. Revathy Krishnamurthy		
01:15 PM	Lunch Break		
02:00 PM	Barriers in testing for proband		Ms Judith Talker
02.30 PM	Barriers in testing for family members		Ms Gopa Boliya
02:50 PM	Panel discussion: Global perspectives on Cancer Genetic services, Legal, & Insurance Moderator: Ms Sook Yee Yoon; Panelists: Ms Vrunda Sane, Dr Aparna Dhar, Ms Sindhura Gopinath, Ms Soumya Thakkar		
03:45 PM	Tea Break		
04:00 PM	Influence of religion, faith and spirituality in genetic counselling, testing and risk management		Dr. Mansi Vishal
04:30 PM to 5:00PM	Panel discussion: Clinical practice, barriers and social implications of genetic testing, screening and prevention for hereditary cancers Moderator: Dr Dipanjana Dutta; Panelists: Ms Aakriti Aggarwal, Dr Sujoy Fernandes, Ms Anamika Chain, Ms Fatma Islahi		
Assignment will be distributed at the end of the day to be returned by 12 noon on 27/11/2026			

Time	Day 3 (27/11/2026)	Topic / Activity	Faculty
08:15 AM	Breakfast		
09:00 AM	Autonomy, informed decision making, consent and assent in vulnerable individual		Ms Nina Bhatnagar
09:25 AM	Exploring gender inclusivity in genetic counseling and navigating barriers for LGBTQ+		Dr Prasad Dandekar
09:50 AM	Stigma, Guilt and Survivor Guilt in patients and families		Dr Deepali Kapoor
10.15 AM	Role play: Identifying vulnerability, empowering individuals and families and coping strategies to address guilt. Lead: Ms Rashi Verenker Instructors: Team CGC		
10:45 AM	Tea Break		
11:00 AM	Grief in families with Cancer		Ms Vandana Mahajan
11:25 AM	When to refer for psychological counseling and its impact on individuals and families?		Dr Aparna Kapoor
11:50 PM	Role play: Recognizing & addressing grief in families. Lead: Ms. Susmitha Billapati Instructors: Team CGC		
12:20 PM	Prenatal testing and ART (PGT-M, Donor gametes and surrogacy) for cancer predisposition genes.		Dr. Dipanjana Datta
12:45 PM	Panel discussion: Wanting the next child without genetic condition: The Science and the Art & the Indian Society Moderator: Dr Shruti Bajaj; Panelists: Dr Somya Srivastava, Dr. Dipanjana Datta, Ms Neeraja Reddy Malleda, Ms Rashi Verenkar, Mr Aloysius D'Souza		
01:15 PM	Lunch Break		
02.00 PM	Direct to Consumer Genetic Testing: Bane or Boon		Debate
02:25 PM	AI - A friend or Foe for Genetic Counsellors		Debate
02.50 PM	Use of advanced empathy and breaking bad news		Ms. Alisha Karim
03:10 PM	Professional boundaries, bias and burnout		Ms Nina Bhatnagar
03:30 PM	Mainstreaming of Genetic Testing in Indian practice		Dr Rima Pathak
0:3:50	Panel discussion: Are we ready for Mainstreaming of Genetic Testing Moderator: Dr Rajiv Sarin; Panelists: Dr. Rima Pathak, Mr Hashime Ismail, Ms Pooja Rasal, Ms Sharmistha Bhattacharya, Ms Akanksha Angre		
04.15 PM	Tea Break		
04.30 PM	Panel discussion: Medico-legal issues in Indian Genetic Testing & Counselling practice Moderator: Dr Aparna Dhar; Panelists: Dr Shruti Bajaj; Dr Rajiv Sarin; Major Robini Roy, Mr Sankalp Sharma, Ms Payal Jobanputra		
05.00 PM	Post Workshop Evaluation (MCQ)		
05.15 PM	Faculty feedback on assignments & MCQ		
05.30 PM	Feedback & Workshop Group Photograph		

Next-Generation Sequencing (NGS) has transformed modern medicine by enabling rapid, comprehensive, and cost-effective genomic analysis, driving precision diagnosis, targeted therapies, and personalized patient care. As genomic testing becomes integral to oncology, rare diseases, and reproductive medicine, understanding both the laboratory workflow and clinical interpretation of NGS is essential for healthcare professionals. This hands-on workshop bridges theory with practice, guiding participants through DNA extraction, library preparation, sequencing, quality control, variant interpretation, bioinformatics, and real-world case analysis. It equips participants with the practical knowledge and confidence required to effectively apply NGS technologies in contemporary clinical and research settings.

Workshop organisers & Faculty: Dr. Rajiv Sarin & Dr. Somya Srivastava

Faculty: Dr. Rajiv Sarin, Dr. Somya Srivastava, Dr. Anil Seram, Dr. Nikhil Gadewal

Instructors: Ms Aishwarya Dhruva, Mr Deena Dayal, Mr Jaya Krishnan JT, Mr Naresh Mahida, Mr Parag Madankar, Dr Rakesh Gupta, Ms Saima Pangarkar, Mr Samson Vimalan, Ms Sharda Haralkar, Ms Varsha Jadhav, and Ms Vedika Divekar.

Time	DAY 1 (26/11/2026)	Topic / Activity	Faculty
08:15 AM	Breakfast		
09:15 AM	Introduction, Overview & Talk - Germline & Somatic Testing		Dr Rajiv Sarin
10:00 AM	Head towards Lab		
10.15 AM	DNA extraction/Semi Automated platforms (Batch1 & 2)		Mr Parag Madankar & Ms Vedika Divekar
10.40 AM	AGE, Loading & QC (Batch 1 & 2)		Mr Naresh Mahida Ms Saima Pangarkar
11:05 AM	Tea Break		
11:20 AM	Overview of Library Preparation		Mr JayaKrishnan JT
11.40 AM	QC & Fragmentation set up		ACTIVITY
12.00 PM	Sanger Sequencing /Primer Designing (Batch 1 & 2)		Ms Varsha Jadhav
12.40 PM	Ligation set up		ACTIVITY
12.50 PM	Basics of Variant Interpretation		Ms Vedika Divekar
01:15 PM	Lunch Break		
02:00 PM	Clean Up		ACTIVITY
02.45 PM	PCR Set up		ACTIVITY
02:55 PM	Demonstration of Sanger sequencing platforms		Ms Sharda Haralkar & Mr Deena Dayal
03:20 PM	Clean Up		ACTIVITY
03:50 PM	Elution & QC		ACTIVITY
04:00 PM	Tea Break		
04:30 PM	Pooling Calculations & Pooling		Mr Samson Vimalan
05:00 PM	CNV analysis- MLPA & Digital MLPA		Ms Megha, DSS Imagetech
05:45 PM	Hybridization set up		ACTIVITY

Time	Day 2 - 27/11/2026	Topic / Activity	Faculty
09:00 AM	Buffer preparation		ACTIVITY
09:15 AM	Breakfast		
09.45 AM	ACMG Classification		Dr Somya Srivastava
10.15 AM	Streptavidin beads wash & Hyb bind		ACTIVITY
11:15 AM	Washes		ACTIVITY
12:15 AM	PCR Reaction + Sophia DDM Demo & Other databases		Sophia Genetics
01:10 PM	Lunch Break		
01:45 PM	Clean up, QC		ACTIVITY
02.15 PM	Run Set up, Sequencing Methods & Illumina platforms		Dr Anil Seram
03:30 PM	Sequencing Outputs, QA & QC & Basics of Bioinformatics		Dr Nikhil Gadewal
04.00 PM	Bioinformatics Databases and Tools		ACTIVITY - Dr Rakesh Gupta & Ms Aishwarya Dhruva
04:30 PM	Tea Break		
04:45 PM	Live cases , Report Analysis & Interpretation		Dr Rajiv Sarin & Dr Somya Srivastava
05:30 PM	Feedback & Vote of thanks		

Functional genomics bridges the gap between identifying genetic variants and understanding their biological significance, enabling the translation of genomic discoveries into clinical insights. With the growing adoption of genomic testing, expertise in functional validation has become indispensable for researchers and clinicians alike. This immersive, hands-on workshop introduces participants to advanced mammalian cell culture, functional assays, DNA damage response, confocal imaging, CRISPR/Cas9 gene editing, and validation strategies. Combining expert-led lectures with practical laboratory training, the workshop equips participants with the essential skills to investigate gene function, interpret variant pathogenicity, and advance precision medicine and translational genomic research.

Workshop organisers: Dr. Rajiv Sarin & Dr. Syed Hasan
Faculty: Dr. Ashwin Kotnis, Dr. Jasoda Parmar, Dr Rima Pathak, Dr. Syed Hasan
Instructors: Dr. Akansha Kothidar, Mr Kirtish Dudwadkar, Ms Neha Gupta

Time	Topic / Activity	Faculty
08:30 AM	Breakfast	
10:00 AM	Functional Genomics to advance biology & variant interpretation	Dr. Rajiv Sarin & Dr. Ashwin Kotnis
10:30 AM	Advanced Mammalian cell culture techniques: Patient derived Lymphoblastoid cell line, PBMC, Fibroblast culture	Dr. Jasoda Parmar
11:00 AM	Tea Break	
11:15 AM	Functional Assays Cell Proliferation/ Viability Assay – Assessment of cell growth and viability. Cell Migration Assay – Evaluation of cell migration and motility.	Dr. Jasoda Parmar, Dr. Akansha Kothidar
01:00 PM	Lunch Break	
02:00 PM	DNA Damage Response & Cell Cycle Analysis – Flow Cytometry: Quantification of DNA damage markers and analysis of cell cycle phase distribution by flow cytometry.	Dr Rima Pathak, Dr Jasoda Parmar
04:00 PM	Tea Break	
04:20 pm	Protein Colocalization (IF) – Confocal Imaging & ImageJ/FIJI Data Analysis: Visualization and quantitative analysis of protein colocalization using confocal microscopy.	Dr. Akansha Kothidar, Mr Kirtish Dudwadkar
05:30 PM	Q&A and Data Analysis	

Time	Topic / Activity	Faculty
08:30 AM	Breakfast	
09:30 AM	CRISPR/Cas9 in Functional Genomics	Dr. Syed Hasan
10:00AM	Gene Editing Technologies & sgRNA Design: Overview of gene-editing approaches and design of target-specific sgRNAs for CRISPR/Cas9 applications.	Ms. Neha Gupta
11:00 AM	Tea Break	
11:15 AM	Vector Digestion & Cloning: Vector preparation, gene insertion, ligation and clone confirmation. Plasmid Isolation & Cell Transfection: Plasmid purification and introduction into mammalian cells for downstream functional studies.	Dr. Syed Hasan & Ms. Neha Gupta
01:15 PM	Lunch Break	
02:00 PM	Targeted DNA Cleavage & Validation of Gene Editing: Target-specific DNA cleavage followed by assessment and confirmation of successful gene editing.	Ms. Neha Gupta
04:00 PM	Tea Break	
04:15 PM	Troubleshooting & Interactive Discussion	Dr. Ashwin Kotnis, Dr. Jasoda Parmar and Dr. Akansha Kothidar
05:15 PM	Feedback & Workshop Group Photograph	

CALL FOR ABSTRACTS

- Structured Abstract related to the conference/ workshop themes.
- Contents: Title, Authors & their Affiliation, Objectives, Methods, Results and Conclusion.
- Figures, Tables and Reference (if required).
- All Contents should fit into one A4 size sheet.
- The presenting author should be underlined.

Single A4 page in potrait Layout

Font: Times New Roman

Font Size- 11

Spacing- single-spaced

Margin- 1 inch on either side

Best Paper Award

First Prize
Rs 12000

Second Prize
Rs 8000

Third Prize
Rs 5000

ABSTRACT SUBMISSION DEADLINE

For Best paper: 30 October, 2026. Other abstracts by 15 November 2026
Selected abstracts invited for Oral Best paper session will be informed by 2nd Nov, 2026.

Abstracts can be mailed to icgcw.tmc@gmail.com even before registration

The registration fees will be applicable as per date of paid registration.

Registration Link: <https://forms.gle/bYuaoLMgTXSehbsW9>

ICGCW2026 TRAVEL FELLOWSHIP APPLICATION:

Applicants must submit a concise statement (up to 500 words on a single page) outlining the significance of their abstract to the advancement of Cancer Genetics and Counseling and submit along with abstract on icgcw.tmc@gmail.com.

*Applicants will also have to give an undertaking signed by their **Head of Department** that they are not funded by their institution or other sources.*

Confirmed Faculty (in alphabetical order)

Ms Aakriti Aggarwal Genetic Counselling, Marengo Asia Hosp Delhi	Dr. Balaji T. K. Paediatric Oncology, Cancer Institute Adyar, Chennai	Dr. Jaya Ghosh Medical Oncology, TMC, Mumbai
Dr Akanksha Chichra Paediatric Haemato Oncology, TMC Mumbai	Ms Bhavana Issar Founder, Caregiver Saathi Mumbai	Dr. Jayita Deodhar Psychiatry and Palliative care, TMC, Mumbai
Dr. Abhishek Chatterjee Radiation & Neuro Oncology, TMC, Mumbai	Dr. Bhawna Sirohi Medical Oncology, BALCO Medical Centre, Raipur	Dr. Jifmi Manjali Radiation Oncology, TMC Mumbai
Dr. Akhil Kapoor Medical Oncology, MPMMC Varanasi	Dr. Chaitanya Datar Medical Genetics, Bharati Hospital Pune	Sir John Burn Clinical Genetics, Newcastle , UK
Ms Alisha Karim Psycho Oncology, MPMMC, Varanasi	Dr. Chaitanya Koppiker Breast Surgical Oncology, Prashanti Cancer Care Mission, Pune	Dr. K. V. Ganapathy Clinical Psychology, TMC Mumbai
Dr. Amar Deshpande Breast Surgical Oncology, TMC, Mumbai	Dr. Deepali Kapoor Psycho Oncology, Apollo Hospital, Delhi	Dr. Karishma Kirti Breast & Oncoplastic Surgery, Jaslok Hospital, Mumbai
Dr Ameya Bindu Reconstructive Surgeon, TMC Mumbai	Ms Devika Hattangdi Genetic Counselling, HCG Cancer Hospital, Bengaluru	Ms Kishor Hawale Medical Social Work & Rehab,TMC Mumbai
Dr. Amit Joshi Medical Oncology, TMC, Mumbai	Dr. Dipanjana Dutta Genetic Counselling, Apollo Hospital, Kolkata	Lady Linda Burn Patient Advocacy, Newcastle, UK
Dr. Amita Maheshwari Gynaec Surgical Oncology, TMC Mumbai	Dr. Divya D'Silva Breast Surgeon, TMC, Mumbai	Dr. Mansi Munshi Radiation Oncology & Cancer Genetics, Ruby Hall, Pune
Dr. Amrit Kaur Kaler Molecular Pathologist, KDAH, Mumbai	Dr. Dushyant Jaiswal Plastic and Reconstructive Surgery, TMC, Mumbai	Dr Mansi Vishal Genetic Counsellor, Unipath Laboratory, Ahmedabad
Dr. Anbarasan Sekar Medical Oncology, TMC Mumbai	Dr Epari Sridhar Neuropathologist, TMC, Mumbai	Dr. Maya Prasad Paediatric Oncology, TMC, Mumbai
Dr Ankita Das Breast Surgical Oncology, TMC, Mumbai	Dr. Garvit Chitkara Breast Surgeon, Nanavati Max, Mumbai	Dr. Mohua Chatterjee Physiotherapist, TMC, Mumbai
Dr. Aparna Dhar Cancer Genetics & Precision Oncology, MAX, Delhi	Dr. Gaurav Narula Haemato Oncology, TMC, Mumbai	Dr Monikha Surgical Gynae-oncology, TMC, Mumbai
Aparna Kapoor Psycho Oncology, Mumbai	Dr. Gauri Deshpande Pathologist, TMC, Mumbai	Dr. Nanditha Sesikera Clinical Oncology and Cancer Genetics, AIG, Hyderabad
Dr. Ashwin Desouza Surgical GI Oncology, TMC, Mumbai	Dr. Geetha Balsarkar Surgical Gynae-oncology, Wadia Hospital, Mumbai	Ms. Neeraja Reddy Mallela Genetic Counselling, TMC, Mumbai
Dr. Ashwin Kotnis Biochemistry, AIIMS Bhopal	Dr. George Jacob Medical Oncology, TMC, Mumbai	Dr. Nikhat Khan Cancer Genetics & Pharmacogenomics, Indus Health Plus, Mumbai
Dr. Badira C. P. Paediatric Oncology, TMC, Mumbai	Dr. Girish Chinnaswamy Paediatric Oncology, TMC, Mumbai	Mr Nikhil Gadewal Bioinformatics, TMC, Mumbai

Confirmed Faculty (in alphabetical order)		
Ms. Nina Bhatnagar Genetic Counselling, Mumbai	Dr. Rohan Verghese Medical Oncology, TMC, Mumbai	Dr. Suhani Barbhuiyan, Paediatric Oncology, BBCI, Guwahati
Ms. Nirjari Dalal Patient Support & Rehab, GJK Foundation. Mumbai	Dr Rohini Kulkarni Gynae Oncology, TMC, Mumbai	Dr. Sujoy Fernandes Radiation Oncology, Manipal, Goa
Dr. Nita Nair Breast Surgical Oncology, Apollo Hospital, Mumbai	Dr. Saba Memon Clinical Endocrinology, KEM, Mumbai	Dr Swapnil Rane Oncopathology and AI, TMC, Mumbai
Dr Omsfree Shetty Molecular Pathology, TMC, Mumbai	Ms. Sameena Bilgi Clinical Psychology, GJK Foundation. Mumbai	Dr. Syed Hasan Basic & Translational Science, TMC, Mumbai
Ms Payal Jobanputra Marketing & Strategic Communicator, Dabur Research Foundation, Delhi	Dr Sampada Desai Gynae-oncology, Hinduja Hospitals, Mumbai	Dr. Tabassum Wadasadawala Radiation Oncology, TMC, Mumbai
Dr. Prasad Dandekar Radiation Oncology, HN Reliance Hosp, Mumbai	Dr Santosh Menon Pathologist, TMC, Mumbai	Dr Tanmay Joshi Plastic and Reconstructive Surgery, TMC Mumbai
Dr. Priya Iyer Radiation Oncology, Cancer Institute, Adyar, Chennai	Dr. Savita Goswami Clinical Psychology, TMC, Mumbai	Dr Tejaswi S Kanala Radiation Oncology & Cancer Genetics, Hyderabad
Dr Rahul Roy Chowdhury Surgical Gynae-oncology, SGCCRI Kolkata	Dr. Sewanti Limaye Medical Oncology, HN Reliance Hosp, Mumbai	Dr. Tejpal Gupta Neuro & Radiation Oncology, TMC Mumbai
Dr. Raja Pramanik Medical Oncology, AIIMS Delhi	Dr. Shalaka Joshi Breast Surgical Oncology, TMC, Mumbai	Ms. Vandana Mahajan Cancer & Grief Counselling, Delhi
Dr Rajan Badwe Breast Surgeon, TMC, Mumbai	Dr. Shona Nag Medical Oncology, Lokmanya Hospital Pune	Dr. Vani Parmar Breast Surgical Oncology, KIMS Hosp. Mumbai
Dr. Rajiv Sarin Cancer Genetics & Radiation Oncology, TMC, Mumbai	Dr. Shruti Bajaj Medical Genetics, The Purple Gene Clinic, Mumbai	Dr. Vijay Patil Medical Oncology, Hinduja Hospital Mumbai
Dr Ram Mohan Hemato Oncologist, TMC, Mumbai	Dr. Shyam Srinivas Haemato Oncology, TMC, Mumbai	Dr. Vivekanand Sharma GI Surgical Oncology, Breach Candy Hospital, Mumbai
Dr. Revathy Krishnamurthy Radiation Oncology & QoL, TMC, Mumbai	Dr Sneha Raj Gynae Oncology, TMC Mumbai	Ms. Vrunda Sane Genetic Counselling, HN Reliance Hosp, Mumbai
Dr Richa Bansal Surgical Gynae-oncology, Apollo Hospital, Mumbai	Dr. Somya Srivastava Medical & Cancer Genetics, TMC, Mumbai	Ms. Yoon Sook Yee Genetic Counselling, Kuala Lumpur, Malaysia
Dr. Rima Pathak Radiation Oncology & Cancer Genetics, TMC, Mumbai	Dr. Sudeep Gupta Medical Oncology, TMC, Mumbai	Dr. Sajid Qureshi Paediatric Surgical Oncology, TMC, Mumbai
PATRONS Prof. Pankaj Chaturvedi & Prof. Sudeep Gupta	CHAIRPERSON Prof. Rajiv Sarin	ORGANIZING SECRETARY Prof. Rima Pathak

Instructors (in alphabetical order)		
Ms Aanchal Pandey Genetic Counselling, TMC Mumbai	Dr Jasoda Parmar Functional Genomics, TMC, Mumbai	Ms Saima Pangarkar DNA Biobanking, TMC, Mumbai
Ms Aishwarya Dhruva Bioinformatics, TMC, Mumbai	Mr Jayakrishnan JT Laboratory Genomics, TMC, Mumbai	Mr Samson Vimalan Laboratory Genomics, TMC, Mumbai
Ms Aishwarya Nighojkar Clinical Trial, TMC Mumbai	Ms Judith Talker Genetic Counselling, TMC Mumbai	Mr Sankalp Sharma Genetic Counselling, TMC Mumbai
Dr Akansha Kothidar Laboratory Genomics, TMC, Mumbai	Mr Kirtish Dudwadkar Functional Genomics, TMC, Mumbai	Ms Sharda Haralkar Laboratory Genomics, TMC, Mumbai
Ms Akanksha Angre Genetic Counselling, Pune	Ms Madhura Pathak Genetic Counselling, Medgenome Pune	Ms Sharmishtha Bhattacharya Genetic Counselling, TMC Mumbai
Mr Akshay Ijalkar Computer and Networking, TMC Mumbai	Mr Naresh Mahida Laboratory Genomics, TMC, Mumbai	Ms Shruty GS Clinical Trial, TMC Mumbai
Mr Aloysius D'Souza Genetic Counselling, TMC Mumbai	Ms Neha Gupta Hasan Lab, TMC, Mumbai	Ms Sindhura Gopinath Genetic Counselling, Bengaluru
Ms Anamika Chain Genetic Counselling, TMC Mumbai	Mr Parag Madankar DNA Biobanking, TMC, Mumbai	Ms Soumya Thakkar Genetic Counselling, TMC Mumbai
Ms Anjana Anoop Genetic Counselling, MPMMC Varanasi	Ms Pooja Rasal Genetic Counselling, TMC Mumbai	Ms Sreevidya Suresh Genetic Counselling, TMC Mumbai
Dr Archi Rungta Genetic Counselling, MPMMC Varanasi	Ms Rashi Verenker Genetic Counselling, TMC Mumbai	Ms Srushti Uthale Genetic Counselling, MPMMC Varanasi
Mr Deena Dayal Laboratory Genomics, TMC, Mumbai	Dr Rakesh Gupta Bioinformatics, TMC, Mumbai	Ms Susmitha Billapati Genetic Counselling, TMC Mumbai
Ms Fatma Islahi Genetic Counselling, TMC Mumbai	Major Robini Roy Genetic Counselling, TMC Mumbai	Ms Varsha Jadhav Laboratory Genomics, TMC, Mumbai
Ms Gopa Boliya Genetic Counselling, TMC Mumbai	Ms Sabhya Agarwal Genetic Counselling, TMC Mumbai	Ms Vedika Divekar Laboratory Genomics, TMC, Mumbai
Mr Hashime Ismail Genetic Counselling, HBCHRC, Punjab	Other interns at Cancer Genetics Clinic, Genomics Lab and Sarin Lab, TMC, Mumbai.
